Table of contents

First section

Second section

A slide with bullet points

- Represent Abelian groups on the computer
- Compute on Abelian groups
- Solve equations, factor group homomorphisms

A slide with a theorem and a proof.

Theorem (Integral)

$$\int_a^b f(x) dx = F(b) - F(a)$$

Proof.

Here's the proof.

A slide with two columns

- Represent Abelian groups
- Compute on Abelian
- Solve equations

A slide with blocks
